We should leave this to the USCG since it is their jurisdiction.

Please see below and attached. There is a request for someone senior in the region to attend the interagency working group being set up.

Non-EPA meeting participants included Harris County Commissioner [Adrian Garcia \(Precinct 2\)](#), which includes Deer Park), the [Economic Alliance Houston Port Region](#) (Kaitlyn Conner, Special Projects Coordinator; scroll down to see more information about Kaitlyn [here](#)), and [Mansfield Marketing, LLC](#) (Alex Lane, VP of Sales & Marketing; scroll down to see more about Alex [here](#)).

I know Chad Burke, the EAHPR President/CEO, from my TCEQ days if you want to get in touch with him. Let me know if there's anything you'd like from me to set up a call.

Thanks,

Hi Erin,

I am sending this note as it relates to your region. OW took a meeting with the Economic Alliance Houston Port Region and the Harris County Commissioner's office earlier today on the Administrator's behalf. The main topic of the discussion was on EPA's response to the Intercontinental Terminals Company (ITC) fire that happened a few weeks ago. They are interested in our remediation plans in the wake of this event and enforcement/oversight where needed. In addition, they would like EPA's participation in an interagency working group – the first being held in Houston this Friday – to discuss emergency response, community involvement, enforcement, and policy. You may want to consider sending someone from your office to participate in this group. Also, please follow up with them on any grants they are eligible for. Attached is the letter outlining their ask. Please let me know if you have any questions. Thanks!
